Practical No. 2(B)

Program :

```java
import java.io.File;

public class Prac2B {
    public static void main(String[] args) {
        File file = new File("demoFile.txt");
        if(file.exists()) {
            System.out.println("File or directory exists");
        } else {
            System.out.println("File or directory does not exist");
        }
    }
}
```

Output :

```
File or directory exists
```
